

BIO & GENERAL INFORMATION

NFD are a London & L.A.-based hybrid Goth Rock/Goth metal band that have constantly been pushing the boundaries since their inception over 20 years ago.

Fronted by founder member/song writer and creative force Peter 'Bob' White (Vocals/Lead Guitar) a team of outstanding musicians, Chris Milden (Rhythm Guitars), Luca Mazzucconi (Drums), Lars Kappeller (Bass) and Rebecca Galfalvi (violins) come together to help bring White's vision to life both in the studio and live.

Over the years **NFD** has featured members of Fields of the Nephilim, Nefilim, Sensorium and Cradle of Filth amongst others. They have gigged extensively all over the world playing at festivals such as M'era Luna, Wave-Gotik-Treffen, Zillo Whitby Gothic Weekend and Castle Party. They have toured headlining their own concerts and have played support to Skinny Puppy, The 69 Eyes, Mortiis, Umbra et Imago and The Mission. They recently headlined a sold-out show at the Dome in London to herald their return to stage after more than 10 years away.

NFD have released 3 studio albums, several mini albums, multiple E.P.'s and numerous singles. In 2022 they released a stunning 3 CD boxset to celebrate 20 years and now in 2025 prepare to release their most epic release to date.
