A NEW WAVE OF DESTRUCTION

NFD, A.K.A. Noise For Destruction are back with a vengeance and with a bold, epic Maxi E.P. entitled TRINITY. This release is fronted by the monstrous track that is 'Surrender To My Will (The Demon & The Witch)'. The full version comes in at a massive 8 minutes and 42 seconds and it takes the listener on a Goth Rock journey unparalleled by any NFD track before. Tracks 'To Find My Heaven' & 'Static On My Soul' complete the TRINITY, with each track representing, in turn, an aspect of Hell, Heaven and Purgatory. This is in relation to the trials and tribulations Peter 'Bob' White's own life.

Also on this release are:

A single version of 'Surrender to My Will (No Mercy)' which is a more radio friendly 4 minute 34 seconds but has a few twists and turns of its own.

A remix by Mark Gemini Thwaite, an industrial tour de force by the guitarist from The Mission, Peter Murphy and his self-titled project M.G.T. This remix kicks ass and is the second longest track coming in at 7mins 23 secs.

A version by Ben Christo of The Sisters Of Mercy & Diamond Black. Ben has taken the lead track and blended in his own brand of vocals & guitars to create a unique take that is 100% Ben Christo!

This release is completed by an alternate version of 'To Find My Heaven' and a version of 'Surrender To My Will' that takes the original format of the song as it was laid out back in 2013 when first penned.

This brand new release follows closely on the heels of 2022's extremely well received Deluxe Boxset 'Requiems From The Abyss' and marks a new chapter for the band with an updated line-up and an army of fans desperate for new NFD music!

BIO & GENERAL INFORMATION

NFD are a London & L.A.-based hybrid Goth/Rock band originally formed in 2002 out of the ashes of The Nefilim and Sensorium. NFD gigged extensively all over the world and released four albums and numerous E.P.s and Singles 2003 – 2014, playing at festivals such as Whitby Gothic Weekend, Dark City, Witchfest, M'era Luna, Wave-Gotik-Treffen and Zillo as well as headlining their own concerts. They have played as support band for Skinny Puppy, The 69 Eyes, Mortiis, Umbra et Imago and The Mission.

Now the band led by founder member, front man and song writer, Peter 'Bob' White, supported closely by long time band members Chris Milden (Rhythm Guitars) and Luca Mazzucconi (Drums) forge their way forward with a new album being recorded in the Summer of 2023 and live shows to follow soon after...
